Fisher-Price®

with SMART STAGES™

Every toddler learns & plays in different ways. Smart Stages™ technology lets you select the stage that's best for your child on any given day! Switch up the level to switch up the learning fun, and offer up a different variety of phrases, songs & sounds for your little one!

Travelling around the world is best when you have the perfect tour guides, Puppy & Sis, by your side!

Little ones can hold the whole world in their hands, and take it for a spin—exploring new places, and different greetings and animals along the way!

7 animal buttons
Teach animals, greetings, continents & more!

Travel book
Flip the page to learn how Puppy & Sis travel the globe!

Mode switch
Change up the learning fun!

Learning content changes as toddlers grow!

Level 1 — Learn
Little hands will love exploring the world! Pressing the animal buttons or flipping the book page rewards baby with greetings, songs & more!

Level 2 — Engage
In this level, your little one will be encouraged to find animals all across the globe—hearing rewarding phrases when they do!

Level 3 — Imagine
From travelling to new places and imagining what they'll see, this level has fun music & songs that keep the pretend play moving along!

Apps, games, videos & more!
